Fujian, China**

It is certified that the manufacturer's technical file and the PPE detailed below have been assessed and found to be in accordance with EC Directive 89/686/EEC for PPE of Complex Design.

PPE Product:

Portwest Antistatic BizFlame Plus™ Coverall Style FR50

Flame retardant antistatic coverall constructed from a 350 g/m² FR woven cotton fabric with an antistatic grid. The garment has sewn on sections of reflective tape about the arms, legs and over the shoulders. The garment is provided with external knee pad pockets for the fitting of knee protectors, flapped chest and back hip pockets, and flapped pen and rule pockets. The garment is available in 10 nominal sizes each with a tall and a regular fitting and is available in navy, orange, red, royal or white.

When examined the PPE satisfied the relevant requirements in the harmonized standards,

EN ISO 11612:2015 Code A1+A2, B1, C1, E2, F1
EN ISO 11611:2015 Class 2, A1+A2
EN 1149-5:2008

And the non-harmonised standard,

IEC 61482-2:2009 Class 1, ATPV 13.6 cal/cm² (fabric only)

The manufacturer's information notices detailed within technical file 105-USP in English have been assessed and found to have addressed all of the relevant requirements of the standards. However the detailed content of the notice is the responsibility of the manufacturer as are translations into other languages.
